Dear FOIA officer:

This is a request for public records under the Illinois Freedom of Information Act.

Under FOIA, I'm requesting records from April 1, 2017 to present regarding on time performance and delays including, but not limited to, the engineer of the train, train number and line, length of delay and reason for delay.

This is for a possible news story. As this request is being made in my capacity as a journalist, timeliness is important.

Please make these available for my inspection by April 18, 2019.

Feel free to call me with any questions at (224) 217-1500.

Best,
