FOIA Officers,

Hello, My name is Alex Kramer.

I'm looking for information pertaining to the lease agreement between Metra and Canadian Pacific Railroad.

I have been able to find information on the Metra website stating that Metra leases track to Canadian Pacific but not much about the terms of the agreement i.e. how much CP pays Metra to be able to use the track and the time period CP is allowed to use it.

I was hoping that someone in your department could help me find some more information on this.

Thanks.
